PUBLIC SPEAKING AND DEBATE COACHING · AGES 5–17

Every young person has a voice. We help them find it and use it.

TalkMaze offers 1-on-1 online public speaking and debate coaching. Each student works with their own coach, follows a structured curriculum and practices with peers worldwide.

Coaching that starts where each student is

The student who knows the answer
Rarely raises a hand. Builds confidence through personalized 1-on-1 coaching before practicing with larger audiences.

The student who loves to talk
Full of ideas. Coaching adds the structure that helps the main point land.

The aspiring debater
Learns to build a case, respond to the other side and prepare for tournaments.

The teen with big conversations ahead
Prepares for college and scholarship interviews with mock interviews and coaching.

Public speaking · Confidence · Debate · Storytelling · Presentation skills · Effective communication

What makes TalkMaze different

Expert human coaches
Trained on our curriculum and observed teaching before meeting a student.

Personalized learning
A plan built around each student's goals, personality and pace.

Technology-enabled
Live online sessions from anywhere, with written recaps for families.

Global community
TalkMaze Circle is a small speaking club, and SpeechMaze drew students from 33 countries in 2026.

Meet our coaches

Ghalia Aamer, Founder & CEO · National debate competitor, TEDx speaker, Columbia Law School
Ghalia was a quiet student until joining a debate team, then competed at nationals four times and has since given four TEDx talks. While Ghalia was coaching at a former middle school, the team grew from 20 to 80 students, and some were still turned away. TalkMaze began as a way to give more students that access.

Help more students discover the power of their voice.

From personalized coaching to a free international speaking championship, TalkMaze offers opportunities schools can share with their students and families.

FREE TO ENTER · AGES 5-14

SpeechMaze Global Youth Speaking Championship

Students record a speech and submit it online. Judges score content, organization, delivery and creativity, and finalists speak live at a virtual final. In 2026, participants received a judges' report and a certificate.

33
countries with participants in 2026

20
countries represented by 2026 finalists

Schools can share SpeechMaze with any student, with no obligation to purchase coaching. Hear first when 2027 opens: talkmaze.com/speechmaze

FINANCIAL AID

Cost should never decide whether a student finds their voice

Need-based support can be a full scholarship, a partial discount or a reduced-cost starter pack. Applying is free and takes about ten minutes, with a reply in a few business days. Educators are welcome to connect families with our team.

Three simple ways to collaborate

1. **Recommend TalkMaze**
   Mention us to families looking for communication and confidence-building support.
2. **Share free opportunities**
   Pass SpeechMaze and our free speaking resources along to your students.
3. **Talk to us about access**
   Connect with us about financial aid, sponsoring coaching, or other ways to expand access.

Know a student who should hear about us? Let's talk.

We work directly with families, so schools can help simply by letting them know we exist. Send us a note and we'll find the simplest way to help your students take part.
